

University of Illinois at Chicago
ACTG / IDS 475 – DATABASE ACCOUNTING SYSTEMS
COURSE SYLLABUS
Fall Semester 2012

INSTRUCTOR

Name: Mr. Michael Popowits
Office: 2304 University Hall
Phone: (312) 413-0998
Fax: (312) 996-4520
E-mail: popowits@uic.edu
Web site: <http://www.uic.edu/classes/actg/actg475>
Office Hours: Monday, Wednesday 1:00 – 2:45 pm

Assistant: Brian Batsaikhan
2304 University Hall
Phone: (312) 413-0998

PREREQUISITES

Actg 211 and IDS 200 or equivalents (ACTG 474 recommended)

TEXTBOOKS & MATERIALS

- a. **Perry & Newmark: *Building Accounting Systems Using Access 2010***, South-Western Cengage Learning, 8th Edition, 2011. ISBN-13: 978-1-111-53099-0 (PN in syllabus)
OR
e-Text rental of the same text. ISBN-13: 978-1-111-89513-6, available at this link:

Software & Hardware: MS Access runs on a PC Windows platform, not a Mac. Student must have or arrange access to an off campus PC because the campus computer labs do not allow for the necessary installation of software. Mac users who want to do this project on their Mac can buy and install two software packages available at the bookstore. The packages are 1) **Parallels**, fusion software that allows you to run PC programs on a Mac, and 2) **Windows**, the PC operating system.

COURSE DESCRIPTION

This course teaches conceptual, analytical and technical skills necessary to work efficiently and productively as an accountant in a computerized business information environment. We focus on:

- Data mapping tools to effectively describe and design accounting data environments.
- Detailed reviews the major transaction cycles in a computerized environment and how they interlink.
- Building accounting data models and translating those models into relational database tables.
- Building and using accounting databases in MS Access.
- An introduction to enterprise resource planning.

HOMEWORK POLICIES

- For full credit homework assignments are to be submitted, properly labeled, to their respective links under the assignments link on the course blackboard site **by midnight** (unless otherwise stated) of the due date. Late homework will be given 50% credit for up to a week late.
- Put your name on the documents you submit!
- The document you submit to Blackboard will be the one graded, so make sure it is the one you intend to submit. Do not email alternate versions to the professor.
- Do not submit a homework that is identical to any other student's – credit will not be given for either assignment.
- Homework assignments are distributed in class – they are not posted or emailed. If you miss class you can pick up a copy of the homework assignment from the bulletin board outside of my office.

CLASSROOM POLICIES

Attendance

Late arrivals and early departures from class are disruptive and unwelcome. If you come to class late, especially in our computer lab sessions, you will frequently be too far behind to follow the remainder of the class and you will miss announcements, handouts and homework tips. If you are ill or have a family emergency contact me and make arrangements to make up what you missed. Exams in other classes are not an excuse for absences from this course. Exams are scheduled well in advance, so plan ahead. If you cannot make the commitment to be on time and present at all of our classes then please drop the course and take it in a semester when you can.

UIC Email Forwarding

Many times during the semester I will be sending the class email messages. These messages will alert you to any changes in lab or lecture classes, and updates on homework assignments. It is essential that you receive these messages. If you use an email account other than your UIC account, forward your UIC account to your main account. This is easily done over the UIC homepage ACCC email link.

EXAMS

There is only one exam during the semester. It is a midterm exam that covers all material in the readings and lecture notes up to the midterm exam. **MAKE-UP EXAMS WILL NOT BE GIVEN UNLESS PRIOR NOTIFICATION IS GIVEN AND THERE IS A LEGITIMATE, DOCUMENTED REASON FOR MISSING THE SCHEDULED EXAM.**

Note: Exams in other courses – Evening courses have scheduling priority. If another of your courses schedules an exam at our class time they must provide you with a conflict exam. Do not miss our class to take an exam in another class.

UIC HONOR CODE

As a student in the College of Business Administration, you are subject to the following Honor Code:

As an academic community the College of Business Administration at the University of Illinois at Chicago is committed to providing an environment in which teaching, learning, research, and scholarship can flourish and in which all endeavors are guided by academic and professional integrity. All members of the college community – students, faculty, staff, and administrators – share the responsibility of insuring that high standards of integrity are upheld so that such an environment exists.

In pursuit of these high ideas and standards of academic life, as a student I hereby commit myself to respect and uphold the University of Illinois at Chicago (UIC) College of Business Administration Honor Code during my entire matriculation at UIC. I agree to maintain the highest moral and ethical standards in all academic and business endeavors and to conduct myself honorably as a responsible member of the college academic community. This includes the following:

- Not to seek unfair advantage over other students, including, but not limited to giving or receiving unauthorized aid during completion of academic requirements;
- To represent fact and self truthfully at all times;
- To respect the property and personal rights of all members of the academic community.

Honor Code implications for Accounting 475 include, but are not limited to, the following:

- You may not obtain any assistance during an exam from any person or material.
- All assignments handed in must be your own work. Although you may discuss approaches to doing assignments with other students currently enrolled in the class, you must complete them individually. You may not obtain assistance from anyone not currently enrolled in the course.
- You may question the grading of any assignment, however, any alteration of a graded assignment that is then misrepresented as the original work will be considered a severe honor code violation. As will the claim that an assignment was handed in when it was not.

Sanctions for Honor Code violations range from failure on an assignment, to failure for the course, to expulsion from the university.

ASSIGNMENTS & GRADING

The course grades are based on a percentage of total points. Assignments are listed below. The usual point total for the course is given below; the actual total points this semester may vary slightly if there are any homework changes and additional points may be assigned as mini-homeworks.

Points	Item
3	Access #1 Homework (PN Chapters 1&3)
1	Normalization Homework #1
3	Access #2 Homework (PN Chapter 4)
1	ERD Homework #1
3	Access #3 Homework (PN Chapter 5)
3	Normalization Homework #2
3	ERD Homework #2
3	Access #4 Homework (PN Chapter 6)
36	Midterm
3	Access #5 Homework (PN Chapter 8)
3	Access #6 Homework (PN Chapter 8)
3	Access #7 Homework (PN Chapter 9)
35	Final Project
100	TOTAL

WEEK	DATE	COVERAGE
1	Monday 8/27	Lecture 1: Introduction to Actg 475 and Accounting Databases Lab: Database Fundamentals, MS Access Tables & Queries Assignment: Read PN Chapter 1 & Chapter 3 (pp.87-124) [2007 pp. 89-125] <i>Access #1 Homework (due 9/10 at midnight)</i>
2	Monday 9/3	NO CLASS – LABOR DAY HOLIDAY
3	Monday 9/10	Reading before class: PN Chapter 2 (pp. 51-73) and Database Reading in course packet (pp.142-153 & Appendix B pp. 177-178) Lecture: Database Theory & Relational Databases Lab: MS Access Queries Assignment: Read PN Chapter 4 <i>Access #2 Homework (due 9/17 at midnight)</i>
4	Monday 9/17	Reading before class: Database Reading in course packet (pp. 153 – 162) and Database Normalization Reading in course packet (see PN Chapter 2 pp. 73-79 for an alternate explanation) Lecture 1: Database Operations & SQL & the Systems Development Life Cycle (SDLC) Lecture 2: Relational Databases – Normalization Assignment: Do Pine Valley practice problem in course packet <i>Normalization Homework #1 (due 9/24 at midnight)</i>

WEEK	DATE	COVERAGE
5	Monday 9/24	Lecture: Relational Databases – Normalization Lab: MS Access Forms Assignment: Read PN Chapter 5 <i>Access #3 Homework (due 10/1 at midnight)</i>
6	Monday 10/1	Reading before class: Data Modeling Reading in course packet Lecture: Data Modeling & Entity Relationship Diagrams (ERD) Assignment: <i>ERD Homework #1 (due 10/8 at 6:00 pm – cannot be late!)</i>
7	Monday 10/8	Lecture: Data Modeling & Entity Relationship Diagrams (ERD) Lab: MS Access Reports Assignment: <i>ERD #2 & Normalization #2 Homeworks (due 10/15 at 6:00 pm – cannot be late!)</i> Read PN Chapter 6 (pp.245-286) [2007 pp. 243-284] <i>Access #4 Homework (due 10/22 at midnight)</i>
8	Monday 10/15	Lecture: Data Modeling & Entity Relationship Diagrams (ERD) – Implementing an ERD
9	Monday 10/22	MIDTERM EXAM
10	Monday 10/29	Lecture: Midterm Exam Review Lab : MS Access & The Sales/Collection Process Assignment: Read PN Chapter 8 (pp.321-379) [2007 pp. 319-382] <i>Access #5 Homework (due 11/5 at midnight)</i>
11	Monday 11/5	Lecture: Guest Speaker Lab : MS Access & The Acquisition/Payment Process Assignment: Read PN Chapter 8 <i>Access #6 Homework (due 11/12 at midnight)</i>
12	Monday 11/12	Lecture: Introduction to ERP / Creating an Application with MS Access / Final Project Introduction Assignment: Read PN Chapter 9 <i>Access #7 Homework (due 11/19 at midnight)</i> <i>Final Project Schema (due 11/19 at 6:00 pm – cannot be late!)</i> <i>Final Project – Due MONDAY DECEMBER 10 at 6:00 PM</i>
13	Monday 11/19	Lecture/Lab: Final Project
14	Monday 11/26	Lab: Final Project
15	Monday 12/3	Lab: Final Project

SESSION	DATE	COVERAGE
1	Wednesday 8/29	Lecture 1: Introduction to Actg 475 and Accounting Databases Lab: Database Fundamentals, MS Access Tables & Queries Assignment: Read PN Chapter 1 & Chapter 3 (pp.87-124) [2007 pp. 89-125] <i>Access #1 Homework (due 9/12 at midnight)</i>
2	Wednesday 9/5	NO CLASS – LABOR DAY HOLIDAY
3	Wednesday 9/12	Reading before class: PN Chapter 2 (pp. 51-73) and Database Reading in course packet (pp.142-153 & Appendix B pp. 177-178) Lecture: Database Theory & Relational Databases Lab: MS Access Queries Assignment: Read PN Chapter 4 <i>Access #2 Homework (due 9/19 at midnight)</i>
4	Wednesday 9/19	Reading before class: Database Reading in course packet (pp. 153 – 162) and Database Normalization Reading in course packet (see PN Chapter 2 pp. 73-79 for an alternate explanation) Lecture 1: Database Operations & SQL & the Systems Development Life Cycle (SDLC) Lecture 2: Relational Databases – Normalization Assignment: Do Pine Valley practice problem in course packet <i>Normalization Homework #1 (due 9/26 at midnight)</i>
5	Wednesday 9/26	Lecture: Relational Databases – Normalization Lab: MS Access Forms Assignment: Read PN Chapter 5 <i>Access #3 Homework (due 10/3 at midnight)</i>
6	Wednesday 10/3	Reading before class: Data Modeling Reading in course packet Lecture: Data Modeling & Entity Relationship Diagrams (ERD) Assignment: <i>ERD Homework #1 (due MONDAY 10/8 at 6:00 pm – cannot be late!)</i>
7	Wednesday 10/10	Lecture: Data Modeling & Entity Relationship Diagrams (ERD) Lab: MS Access Reports Assignment: <i>ERD #2 & Normalization #2 Homeworks (due MONDAY 10/15 at 6:00 pm – cannot be late!)</i> Read PN Chapter 6 (pp.245-286) [2007 pp. 243-284] <i>Access #4 Homework (due 10/24 at midnight)</i>
8	Wednesday 10/17	Lecture: Data Modeling & Entity Relationship Diagrams (ERD) – Implementing an ERD
9	Monday	MIDTERM EXAM – (no class Wednesday)

SESSION	DATE	COVERAGE
	10/22	
10	Wednesday 10/31	Lecture: Midterm Exam Review Lab : MS Access & The Sales/Collection Process Assignment: Read PN Chapter 8 (pp.321-379) [2007 pp. 319-382] <i>Access #5 Homework (due 11/7 at midnight)</i>
11	Wednesday 11/7	Lecture: Guest Speaker Lab : MS Access & The Acquisition/Payment Process Assignment: Read PN Chapter 8 <i>Access #6 Homework (due 11/14 at midnight)</i>
12	Wednesday 11/14	Lecture 1: Introduction to ERP / Creating an Application with MS Access / Final Project Introduction Assignment: Read PN Chapter 9 <i>Access #7 Homework (due 11/21 at midnight)</i> <i>Final Project Schema (due MONDAY 11/19 at 6:00 pm – cannot be late!)</i> <i>Final Project – Due MONDAY DECEMBER 10 at 6:00 PM</i>
13	Wednesday 11/21	Lecture/Lab: Final Project
14	Wednesday 11/28	Lab: Final Project
15	Wednesday 12/5	Lab: Final Project
